The Way Of The Dream

In 1985, towards the end of her long and distinguished career Marie-Louise von Franz, founder of the CG Jung Institute in Zurich, was the focus of a film by one of her students, Fraser Boa. He captured her unique wisdom in a series of discussions on life and the dynamics of the unconscious, intercut with people on the street recounting dreams.

The 19 short films in this seminar offer an intensive insight into Jungian perspectives on life. They cover differing aspects of four main topics: ***dreaming and its relation to the unconscious • men's dreams • women's dreams • relationships and end of life issues***. Time & space are given for group discussion.

These films are a must-see for anyone interested in the relationship between psychological well-being and inner process – in particular those giving or receiving psychotherapy. Seminar timings are Friday 18th Feb 1700-2130, Sat 19th 0930-1845, Sun 20th 1000-1400 • **Earlybird price: £105 if paid in full before Christmas** • Otherwise, non-returnable £25 deposit to book, followed by £94 by 31st Jan • **£20 discount for two people booking together** • Fee includes seminar materials, Friday dinner & refreshments.
